

Hello everyone! We wanted to let you all know that we are here for you! We are back to providing comprehensive eye examinations, contact lens evaluations, eye health progress checks and all your eyeglass needs. But things look a little different! So here are a few things to update you:

1) Our doors are locked so we can limit the number of people in our office. Patients will be asked to call or text us from the parking lot upon arrive and we will assist you into your appointment.

2) All staff and patients must wear a mask when they are in the office. We are also using a non-contact thermometer to check temperatures before entering. You also get a nice spritz of hand sanitizer when you arrive as well.

3) You must complete our COVID questionnaire before your visit.

4) Visitors will be limited to (1) parent/guardian per child or (1) caregiver for those that require assistance.

We strive to keep everyone as safe as possible while helping with your needs. Thank you as always for your support and we are so glad we can be here to help!

Stay healthy!
